## List of Potential Improvements:

- 1. Allow an end call button during video chat
- 2. Make sure all buttons are functioning
- 3. Make a help button to guide through app
- 4. Make the flow of app usage more fluid & user friendly (it's kind of difficult to know what you're supposed to do right off the bat with how it's set up)
- 5. Workout scheduling system based on persona-Charles, need to distinguish between time of day of working out
- 6. Motivational pop up messages, based on persona-Janine
- 7. Limit max number of people on the call
- 8. Have a color theme/logo with one cohesive look
- 9. Pop ups to communicate that you're going to be video calling someone
- 10. Favorite exercise, which is automatically included in all regimens

# Figma Changes:

### <u>Usability Improvements:</u>

- 1. Make sure all buttons are functioning
- 2. Make a help buttons to guide through app- note did not add information for contacts the action of adding a contact because we believe it is pretty self explanatory
- 3. Scheduling system

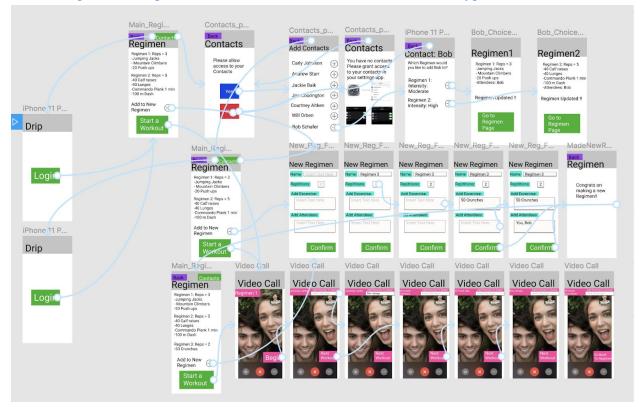

# Visual Refresh:

#### <u>Visual Improvements:</u>

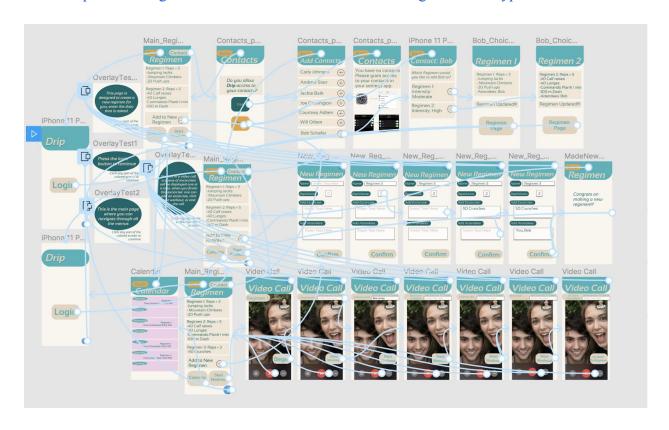

- 1. Color theme with logo (create logo)
- 2. Change shape of buttons to match each other in terms of action when clicked-visual similarity
- 3. Contrast colors of the back button with the rest of UI, so the user never feels trapped in a certain screen.
